

SUPPORTER PARKING PASS

Please display this in your vehicle so our marshals know you are a supporter vehicle at Pit Stops

Supporter Guidance

- Do not attempt to access checkpoint locations, these are remote and vehicle access is not easy, you will block the route.
 - Only interact with your participant at our Pit Stop locations.
- Listen to our marshals when they try and park you at our Pit Stops, spaces are limited, and you may need to wait or turn around to allow people to leave on single track roads.
- Do not head to The Sill until your participant has passed the 25-mile mark, this is our busiest Pit Stop and parking is limited.
- Please do not drive along the route, it isn't the fastest way to move between locations and adds traffic to the road shared by our participants.
